A student must submit a request in writing to review any education records. A student will have up to 90 days from the date of the written request to view these records. An appointment must be made; walk-ins will not be entertained. Students may request photocopies of educational records through a written and signed request. A copy fee may apply.

The school may disclose a student's education record (attendance, grades, financial aid and admissions) and corresponding personally identifiable information without the student's consent in the following circumstances:

- 1- within the administration of Avid CNA School including faculty, as it relates to the educational interests of the student;
- 2- to another school (post-secondary or otherwise), where the student seeks admission or intends to transfer; or to state and federal agencies such as the local authorities, department of education, department of health and department of homeland security.

If a student's record is disclosed to any party above, a record of disclosure will be noted in the student's file via signed transcript requests or via a notation in the student's file outlining the request.

Job Fair for Graduating Student

Avid CNA School will facilitate a Job Fair for students approximately 15 days before graduation. Representatives from home healthcare and in-home care agencies will conduct a job fair. Healthcare facilities are invited to send their representatives in order to recruit students to be placed in any of the respective company's open positions. Most of the graduates will provide services either in patient's homes or long term care facilities. Counselors conducting in-service for resume writing and job interview skills are also available for this event.

Tutorial Services

Students who are not able to maintain a pass rate of 79% in any of the given exams are required to meet with the designated instructor for academic assistance. A written warning will be issued and a plan of action will be created to ensure students' success.

Policies on Tuition, Fees and Refunds

STANDARD PAYMENT POLICY

Students must pay their tuition and fees as specified. Tuition payments by cash, check, money order or credit card are accepted. Final payment in the installment plan, however, should be paid in cash or money order only. Payment for certification examination should likewise be in money order unless otherwise arranged with the administration.

Books are purchased through the school and are included in the Tuition Fees. Unopened books and unused supplies may be returned for refund based on the stipulated fees in the Enrollment Agreement.

* Books and other printed materials are subject to copyright laws. Photocopying of books and materials, unless authorized by the publisher, is not allowed.

PAYMENT PLANS

Other expenses are not included in the installment payment plans. Students with balances remaining in their accounts will not be allowed to take their final examinations until all fees have been paid. Final payments should be in the form of cash or money order.

FINANCIAL ASSISTANCE

Some employers give their employees a Tuition Reimbursement benefit based on certain criteria. Students must check with their employer if this type of benefit is available to them. Payment for educational expenses through this scheme may be done in 2 ways:

1. Direct Billing – Secure a letter from your employer authorizing and describing the conditions of the arrangement. Avid CNA School will issue an invoice to your employer for payment; employer sends the check directly to the school.
2. Reimbursement – Student will cover the educational cost on his/her own then receive

reimbursement from the employer following the guidelines set by their company.

It is assumed that students are responsible for any portion of the educational expenses and fees that are not paid by the employers.

FINANCIAL RESPONSIBILITY

By registering for classes, a student agrees to pay all tuition and required fees associated with his/her registration, optional services and other fees, whether paying in full or utilizing the installment payment option.

All fees must be paid in full prior to taking the final examination. Failure to pay tuition, fees and other charges before the final examination for the course may result in penalties and/or an automatic withdrawal from the program regardless of the time and work already accomplished for the course. Students will not be allowed to re-enroll in any course until all financial obligations have been settled.
